

Evaluation of the Navigator Program 2024

Overview

Your school is invited to take part in the optional evaluation of the Navigator Program.

Since 2016, the [Navigator Program](#) has provided assertive outreach and case management, supporting young people with educational disengagement to re-engage in education.

This evaluation will examine the effectiveness, sustainability and efficiency of the program and the outcomes it is achieving.

ACIL Allen Consulting is conducting the evaluation for the department.

Your Involvement

We are seeking feedback from staff who are familiar with the Navigator Program. We have contacted you because your school has referred students to the Navigator Program.

Participation involves completing a survey and participating in an interview.

The information collected will not be used to rate individual schools, but to inform the overall assessment of the implementation and effectiveness of the program.

Information Sheet

Where a school has opted in for the optional 30-minute interview, the information sheet tells School Staff about the evaluation of the Navigator Program. It explains the purpose of the research, and the activities and risks that may be involved. It describes information that will be collected, how that information will be used and if it will be shared.

- [Information Sheet for Referring Schools](#)
- [Consent Form for Referring School Staff](#)
